My dear Mr. Collier:

It was a great pleasure to receive your favor of April 9th. Robert Collier of Denver, Colorado, is a third cousin of mine, his father and mine being first cousins.

Incidentally, I had the pleasure of meeting D. C. Collier of your city in New York a few years ago. I am assuming that as you and he have the same middle name, you are related to each other.

Give him my best regards.

Sincerely,

D C Collier
